11	2015	Rammannanavara Katha Sahithya Samskruthika Sthithyantharagalu	Dr. Besaragalli Rammanna Avara Kathana Sahithya Vishleshane	-
V PG Dept. of Chemistry				
i) Dr. L. Mallesha, Asst. Professor (4)				
12	Sept. 2015	Synthesis and In Vitro Biological Activity of [1-(Substituted-benzoyl)-piperidin-4-yl]-(2,4-difluoro-phenyl)-methanone Oximes	International Journal of Chemical Environmental & Biological Science	0.5
13	Oct. 2015	Investigation of Antioxidant Properties of Phthalimide Derivatives	Canadian Chemical Transactions	0.5
14	Jan. 2016	Schiff bases of 4-(methylthio)benzaldehydes: Synthesis, characterization, antibacterial, antioxidant and cytotoxicity Studies	Current Chemistry Letters	-
15	Jan. 2016	Synthesis, crystal structure and Hirshfeld study of 3,3'-dinitrobenzophenone	Journal of Applicable Chemistry	1.8
ii) Dr. Rajendra Prasad, Asst. Professor (4)				
16	2015	Development and validation of new spectrophotometric methods to determine enrofloxacin in pharmaceuticals	Journal of Applied Spectroscopy	0.4
17	2015	Stability indicating ultra-performance liquid chromatographic assay of lamotrigine in pharmaceuticals	Trakia Journal of Sciences	-
18	2016	Potentiometric determination of piroxicam and oxfendazole in pharmaceuticals	Current Chemistry Letters	-
19	2016	UV/visible spectroscopic quantification of veterinary anthelmintic drug oxfendazole in pharmaceuticals. J. Applied Spectroscopy	Journal of Applied Spectroscopy	0.4
iii) Mr. Nithin K.S, Asst. Professor (1)				
20	2015	Opto-electrical properties of Poly(vinyl alcohol)/Cesium zincate nano dielectrics	ACS, Journal of Physical Chemistry C	4.8
	Feb. 2016	Synthesis and an angiolytic role of novel piperazine-benzothiazole analogues on neovascularization, a chief tumoral parameter in neoplastic development	Bioorganic Chemistry	1.8
	Feb. 2016	Synthesis and biological evaluation of salicylic acid conjugated isoxazoline analogues on immune cell proliferation and angiogenesis	European Journal of Medicinal Chemistry	3.6
VI Dept. of Microbiology				
i) Spoorthy H P, Temp. Asst. Professor				
21	Sept. 2015	In vitro antimicrobial activity of new 2-amino-4-chloropyridine derivatives: A structure-activity relationship study	Journal of Pharmacy Research	0.8
VII Dept. of Physics				
Dr. L. Vinay Kumar, Asst. Professor				
22	10 Sept. 2015	Small angle scattering of 59.54 keV photons by elemental samples in the atomic number region $13 < Z < 82$	Journal of Radiation Research and Applied Sciences	-

RESEARCH PUBLICATIONS IN JOURNALS, PROCEEDINGS & EDITED BOOKS

VIII PG Department of English				
i) Dr. Syed Hajira Begum, Asst. Professor (2)
