MoU ACTIVITIES

**Summary of the functional MoUs/linkage/collaboration indicating
start date, end date, nature of collaboration**

JSS College of Arts, Commerce and Science (JSS CACS) believe in the concept of extended family with the society at large and serves them in whatever way possible. JSS CACS has developed linkages with the neighbourhood and interacts continuously with both the community and the institutions around. JSS CACS has a total of 58 MoUs from 2018 to 2023 with State funded Universities, Central funded Institutions, Academic Institutions, start-ups and Corporates.

- i. State funded Universities: 03
- ii. Central funded Institutions: 03
- iii. Academic Institutions: 09
- iv. Corporates: 33
- v. Start-ups: 10

Accordingly, these MoUs primarily focus on imparting Skill-based training programs to UG, PG students and to faculty members – primarily presentation and communication skills.

Training sessions and workshops were organised for students successfully.

It's noteworthy that during the year a few more activities like career guidance and guidance on higher education were added to the scope of activities conducted.

Resource persons conducted sessions on presentation skills/career guidance and guidance on higher education. Subsequently, training workshops/hands-on training programmes were organised for the students.

Sl. No.	Name of the Institution / Organization / Corporate House with whom MoU is signed	Date and Validity	Activity
1	University of Mysore, Mysore (Research centre)	2018–2022	Faculty development, curriculum and content development, internship and skill development for students, knowledge sharing

To whomsoever it may concern

Subject: Experience letter

This letter is to confirm that Bhoomika S Kashyap, Bikshesh D S, Chandana R, Dushyanth S, M, Harshitha T, K Chetankumar, Karishma A M, Keerthana D, Loksha and Mallikarjuna N, M.Sc. Students, PG Department of Chemistry, JSS College of Arts, Commerce and Science, Ooty Road, Mysuru-25, have been successfully completed a training program at Chromatogen analytical solutions. They have undergone a practical training from 15/08/2022 to 24/08/2022 to gain hands-on experience in Nuclear Magnetic Resonance, Mass spectrometry and IR spectroscopic instrument.

During the training period, they were under the supervision and guidance of experienced professionals within our organization. The training curriculum will cover a range of tasks and responsibilities designed to provide them with valuable insights and skills relevant to their field of study.

The objectives of this job training program included:

1. Exposing to real-world work environments and processes.
2. Enhancing the understanding of industrial practices and standards.
3. Understanding the functions of spectroscopic instruments namely NMR, IR and MS and analysing the samples.

We believe that this training opportunity was instrumental in their academic and career development.

If you require any further information regarding their participation in the job training program at Chromatogen analytical solutions. Please do not hesitate to contact us:

Sincerely,

Date: 24/08/2022

Subject: Report on Job Training

This letter is to confirm that AKASH PARASHURAM TAVARI, AKHILA R, ALIYA, BHARGAVI M, BHAVANA N, BINDHU SHREE C. S., CHAITHIRA R, CHANDAN H. K, CHANDRASHEKAR A S. and CHANDRASHEKAR M. N., M.Sc. 1 Year Students, PG Department of Chemistry, ISS College of Arts, Commerce and Science, Ooty Road, Mysuru-25, have been successfully completed a training program at Sumukha Scientific Co., Bengaluru. They have undergone a practical training from 28/02/2024 to 08/03/2024 to gain hands-on experience in safety in chemistry laboratory.

During the training period, they were under the supervision and guidance of experienced professionals within our organization. The training curriculum will cover a range of tasks and responsibilities designed to provide them with valuable insights and skills relevant to their field of study.

The objectives of this job training program included:

1. Exposing to real-world work environments and processes.
2. Enhancing the understanding of industrial practices and standards.
3. Offering opportunities for professional development and networking.

We believe that this training opportunity was instrumental in their academic and career development.

If you require any further information regarding their participation in the job training program at Sumukha Scientific Co., Bengaluru. Please do not hesitate to contact us.

Sincerely,

For Sumukha Scientific Co
