REPORT ON ENGLISH LANGUAGE LAB

2019-2020

The language laboratory plays an important role in the language learning process. As it is a technological aid for learning, it has a number of advanced facilities that can help a student to learn a language with proficiency to communicate. Digital Language Lab is a unique State of Art solution developed to improve communication of all level of students by concentrating on basic language learning skills i.e. Listen, Speak, Read and Write (LSRW). It helps to improve oral as well as written skills of student. It teaches how English can be used in day-today activities.

Using the Language lab; student can improve the command over their language, gain confidence and get ready for real world challenges like facing interviews, doing presentations, expressing thoughts, etc. Digital Language Lab involves students to actively participate in language learning exercises and get more practice than otherwise possible in a traditional classroom environment. The software comes with complimentary study material for self -practice, assignments, audio, video presentations and clippings, etc.

The English language Lab established in 2007. Language lab is powered by Personality development Software, equipped with 28 computers and audio-visual aids to refine the linguistic skills of the students. The lab can accommodate 28 students at a time and provide adequate facilities for effective teaching and learning of various aspects and skills of English language.
