ANNUAL QUALITY ASSURANCE REPORT 2023-24
REPORT OF STUDENT SATISFACTION SURVEY (SSS)

On
Teaching and Learning and Evaluation Process for the Year 2023-24

In adherence to standard practice, the Internal Quality Assurance Cell (IQAC) of the college has conducted an online Student Satisfaction Survey (SSS). This survey involved circulating a questionnaire to gather student perspectives on teaching, learning and evaluation processes. Responses were collected from students across various programmes in a random manner.

The survey was administered to both undergraduate (UG) and postgraduate (PG) students, with a total of 1,197 responses received. Specifically, there were 533 male students (343 UG and 190 PG) and 664 female students (259 UG and 405 PG) who participated.

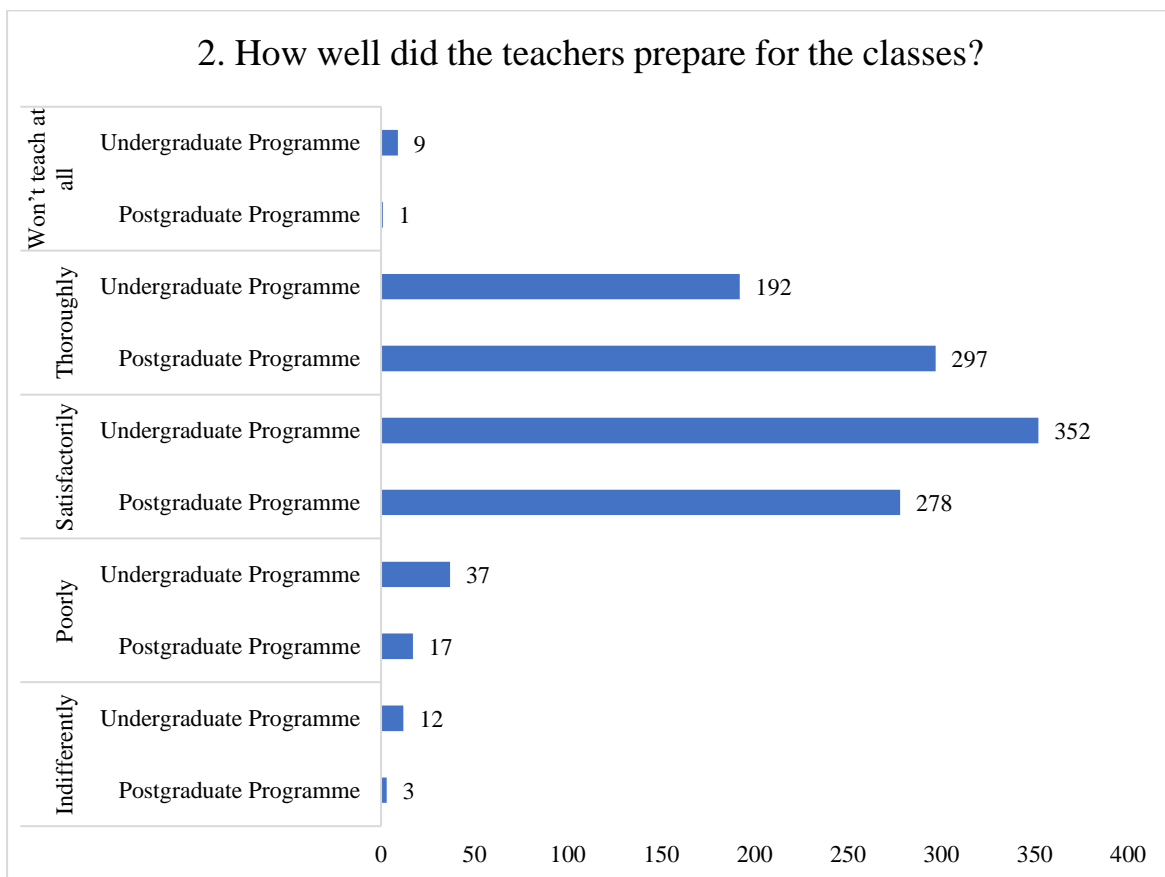

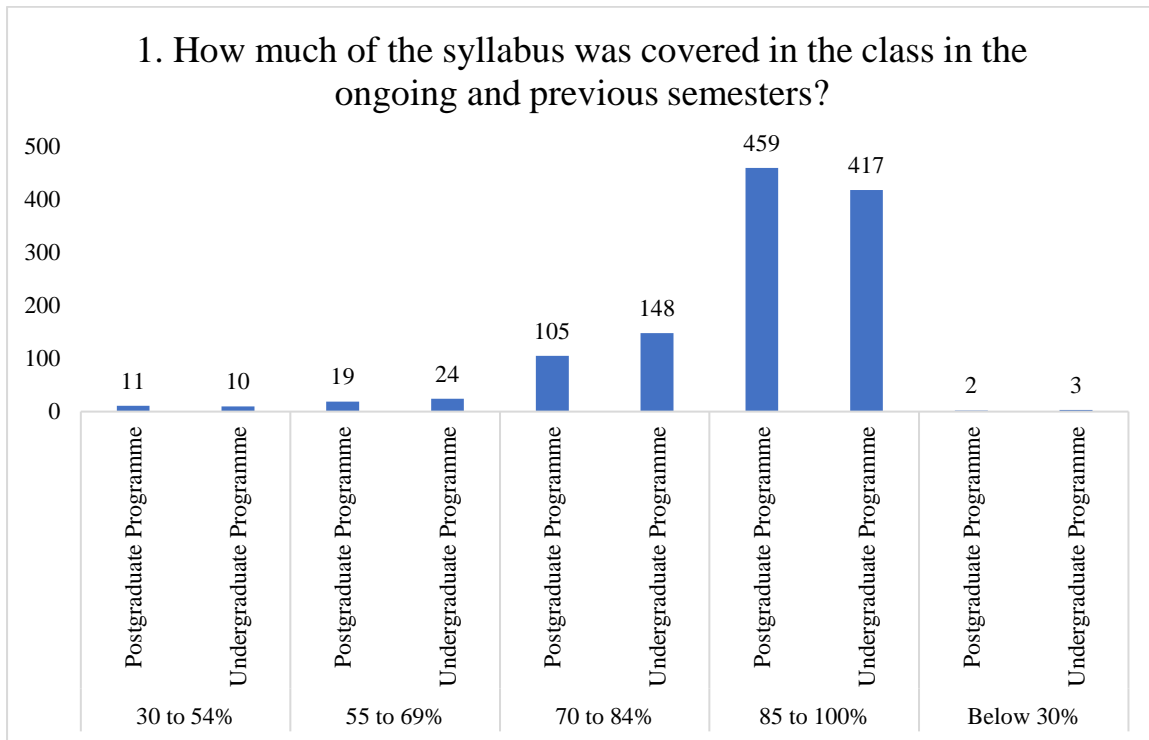

A thorough analysis was conducted on the feedback received, which closely aligned with the questionnaire provided by NAAC. The consolidated opinions expressed by students have been meticulously examined. Upon reviewing the SSS results, it is evident that the college's teaching methodologies are highly commendable, performing exceptionally well. Detailed insights, including the composition, response rate, overall analysis results and question-specific feedback, are outlined below.
