## REPORT OF

### Panel Discussion Programme on 'Skills to Empower the Future: Industry Trends, Entrepreneurship, and Career Paths'

A Panel Discussion Programme on 'Skills to Empower the Future: Industry Trends, Entrepreneurship, and Career Paths' was organized by JSS College of Arts, Commerce, and Science, Ooty Road, Mysuru under the aegis of Internal Quality Assurance Cell (IQAC), with the support of the Confederation of Indian Industry-Industry Institute Interaction & Higher Education Panel (CII-III & HEP), Mysuru Zone, on 27 June 2024. The programme was inaugurated by Mr. Pavan Ranga Mysuru, the Director of Cycle Agarbatti and Rangasons Aerospace Pvt. Ltd., Mysuru. In the inaugural talk Mr. Pavan Ranga stated "To ignite an employment revolution, we must first transform our mentality. The country of India is undergoing many changes on the path to development. Today, we realize the importance of self-reliance for the country's progress. The concept of Atmanirbhar Bharat is proof of this. If we want to see a change in the current state of the occupational sector, we must first change our mindsets and attitudes. We must change ourselves and engage in new careers and discoveries," said in his inaugural address.

Mr. Pavan Ranga emphasized that knowledge is the greatest and best tool; it must not be forgotten. It should be obtained and used properly. "We should be thinking about how to become empowered and self-reliant in every way. Many skills are essential for an empowered and self-reliant life. Our educational activities should be directed towards perfecting them. A Master's Degree is like a platform for learning. Here, you should acquire the necessary education and skills to achieve your future goals in a pre-planned manner," he added.

In his keynote address, Dr. M. Dharma Prasad, the Convener of CII-III & HEP, Mysuru Zone, and the CEO and Chief Scientist of Procetta Bioconformatics Pvt. Ltd., Mysuru, said that the industrial revolution is growing gradually. "The history of this development needs to be well understood. Science and technologies have been changing from time to time. The nature of this change must be understood and harnessed," he said. He called on the present generation of students to learn and understand the changing technology and ride on it. He also advised them to gain recognition through social media and to explore avenues of achievement with skills without wasting time.

Prof. B.V. Sambashivaiah, the Chief Executive of the college and the President of the Inaugural Function, stated that, as per the wishes of the Government of India, many efforts are being made by the college to expand the possibilities of skill development. He spoke about the various developments in India through the Government and UGC. Prof. Sambashivaiah highlighted that India aims to have the highest standards and a large scale of skills in many dimensions. "India as a nation plans to utilize human resources by achieving skill development. This is beneficial for the economic growth of the nation. Students should be aware of future empowering skills," he highlighted. Prof. Sambashivaiah also emphasized the importance of understanding industry trends, entrepreneurship, and career paths for the future professional life of the students.

Mr. Pavan Ranga and Dr. M. Dharma Prasad were the Panelists for the first session of the program on Industry Trends and interacted with students on many queries.

The second Panel Discussion Session on Entrepreneurship featured Mr. B. S. Prashanth, Managing Director of Safe Wheels Group of Companies, Mysuru; Mr. Shivashankar B, Chief Executive; and Dr. Vijayanand, both from SJCE-STEP, Mysuru.

In the third session, Dr. Shilpa Jnanesh, Director-HR of rProcess Outsourcing Pvt. Ltd.; Ms. Rashmi Shankar, Senior Manager of L&T Technology Services; and Mr. Madhu Kumar, Senior Manager of EqualizeRCM Service Ltd., Mysuru, were the Panelists and answered various questions raised by students.

A total of 550 students from 15 Postgraduate Programmes, both from within and outside the college, benefited from the programme.

Sambashivaiah and others look on.

Mysuru, July 2 (BS)- Pavan Ranga, Director of NR Group and Managing Director and Chief Executive Officer (CEO), Rangsons Aerospace, has given a clarion call for changing our present mindset to bring in industrial revolution in the country.

He was speaking after inaugurating an interaction session with students organised at JSS College of Arts, Commerce and Science, Ooty road in association with Confederation of Indian Industry (CII)-Industry Interaction Panel, Mysuru Chapter here recently.

Pavan Ranga said "India is progressing by adapting to changes, underlining the significance of self-reliance to contribute to the country's progress. It is evident with the concept of Atmanirbhar Bharat. To achieve better progress in industrial sector, we have to change our mindset first and involve in innovations and inventions."

"One should not forget that, knowledge is great and a best tool, which should be utilised in a better way. We should think over being strong and self-reliant in all the ways, as several skills are essential to lead a life of self-reliance. Our academic achievements should be aimed at realising the goal," he added. Post-Graduation is a platform

to learn, using which we should plan to acquire required education and skills to reach our future aim, advised Pavan Ranga.

Dr. M. Dharma Prasad, CEO & Chief Scientist, Prosetta Bioconformatics Pvt. Ltd. said that the industrial revolution is progressing in different stages and one should have a better understanding of its history. Science and Technology is witnessing timely changes that should be put to use judiciously, he added.
