Annual Report of Red Ribbon Club for the Academic Year 2020-21

The Red Ribbon Club gathered to ignite a movement of awareness and action against HIV/AIDS. This event was a testament to our commitment to educate and empower the youth, fostering a community where knowledge meets compassion in the fight against stigma and misinformation surrounding HIV/AIDS.

Red Ribbon Club organized an engaging quiz event as part of its initiative to commemorate the importance of HIV/AIDS awareness. The quiz aimed to educate participants about key facts, myths, and preventive measures related to HIV/AIDS, fostering a spirit of learning and solidarity among the attendees.

The quiz consisted of multiple rounds covering topics such as HIV transmission, prevention methods, global statistics, and historical milestones in the fight against AIDS.

Students from various disciplines and academic levels actively took part in the quiz, demonstrating their interest and commitment to understanding and spreading awareness about HIV/AIDS.

Students actively participated in interactive sessions where they could ask questions and clarify doubts regarding HIV/AIDS.

Their enthusiasm and dedication contribute significantly to creating a campus environment that values education, compassion, and inclusivity in addressing HIV/AIDS-related challenges.

Red Ribbon Club events are not just about disseminating information; they are about creating a culture of awareness, empathy, and action. They empower young individuals to take charge of their health and contribute positively to society.
