**Other Notable Courses:**

- Industrial Microbiology and Horticulture: Each had 163 students, showing a continued interest in biological sciences and agricultural studies.
- Computerized Accounting and Web Design: Both courses enrolled 158 students, highlighting the importance of digital and financial literacy in today's job market.
- Electrical Equipment Maintenance: This course was chosen by 126 students, focusing on practical skills essential for technical maintenance roles.
- Sharana Sahitya and Yoga: These courses attracted 73 and 69 students respectively, emphasizing the college's dedication to promoting cultural studies and holistic health.

The consistent completion rate across all courses demonstrates the students' dedication and the effectiveness of the college's educational programs. This year's offerings have successfully equipped students with the necessary skills to excel in their respective fields, indicating the College's role in fostering academic and professional growth.
