Annual Report on Career Oriented and Value Added Courses: **Year: 2022-23**

In the academic year 2022-23, JSS College of Arts, Commerce and Science continued its tradition of offering a wide array of career-oriented and value-added courses (COCs and VACs). These courses, delivered offline, were aimed at equipping students with specialized skills and knowledge to enhance their professional competencies.

Course Details

High Enrollment Courses

- **Tourism and Animation and Visual Effects:** Each course saw the highest enrollment, with 262 students completing the courses successfully. These courses remain popular due to the growing demand in the tourism and creative industries.

Financial and Technical Skills

- **Tax Management and Insurance Management:** With 206 students each, these courses underline the importance of financial acumen in today's market.
- **Computerized Accounting and Web Design:** Each course attracted 143 students, highlighting the necessity of digital proficiency and financial literacy.

Science and Agriculture

- **Industrial Microbiology and Horticulture:** Both courses had 109 students each, reflecting the sustained interest in biological sciences and agriculture.
- **Sharana Sahitya and Yoga:** These culturally enriching and wellness-focused courses enrolled 78 and 59 students respectively, promoting holistic education.

Innovative Insights

Interactive Learning:

Tourism and Animation: The interactive nature of these courses, combined with hands-on projects and field visits, contributed to their high enrollment and completion rates.

Financial and Digital Literacy:

Courses such as Tax Management, Insurance Management, Computerized Accounting, and Web Design were designed to provide practical skills, making students job-ready in competitive fields.
